

## Escape & Evade® Tactical Military Survival Kit (EETMS)

### **Tactical Survival Blanket: OCP Reversible:**

Reflects up to 90% body heat. Wind and waterproof. Designed for prevention and treatment of hypothermia in survival situations. OCP outer camouflage for tactical situations, reversible to silver inner for signalling and high visibility. 3 mil protective zip container included. Measures 52 x 82 when unfolded: 7.6cm x 12.7cm x 1.5cm. Folded.

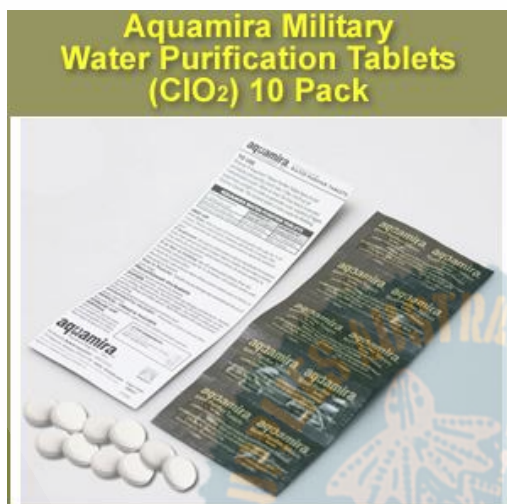

### **WATER PURIFICATION / COLLECTION:**

#### **Aquamira Water Purification Tablets, CL02, Military Edition:**

Chlorine dioxide formula, EPA registered, issued to U.S. Military forces.

- Each tablet purifies 1 liter (32oz.) of water and is conveniently sealed in an individual foil pouch
- The individual tablet pouches are stored inside a re-sealable (subdued in colour) storage pouch that can be packed away anywhere
- To use, simply drop 1 tablet into 1 litre of water and wait the required time
- 3 year shelf life
- 10 tablets per pack
- Quantity: 1 Pack of 10 tablets

## 1 Litre Stand Up Water Collection and Purification Bags:

- Sterile
- 1,065 ml capacity
- Gusset at bottom flattens to create stand up bag
- Sealed after collection by whirling with attached folding tabs
- 4.0 mil thick
- Can be frozen to any temperature
- Can be used to treat collected water with water purification tablets
- Quantity: 2

## **FIRE STARTING:**

### **Scout Fire Steel And Striker:**

- Generates a 3000 C spark. Approved, preferred and recommended by Survival Experts Worldwide
- Approximately 3,000 Strikes
- Striking length 5cm
- Weight: 31g

### **Survival Matches, Sachet of 10:**

NATO Approved survival matches.

- Vacuum sealed sachet of 10 matches with striker board
- Wind and Waterproof
- Will burn when wet
- 10 to 12 second burn time each
- Issued to British military forces and lifeboat systems world wide
- NATO approved: NATO # 9920-00-966-9432
- Quantity: 1 Sachet of 10 Survival Matches

### **SparkLite Firestarter and Tinder Quick:**

- Spark-Lite is a waterproof, official military firestarter, useable one-handed and tested for over 1,000 sparks
- 4 x Tinder-Quick are dry, fuel impregnated wicks that are waterproof and burn for 1-2 minutes, giving you plenty of time to light a fire

### WetFire Tinder Cubes:

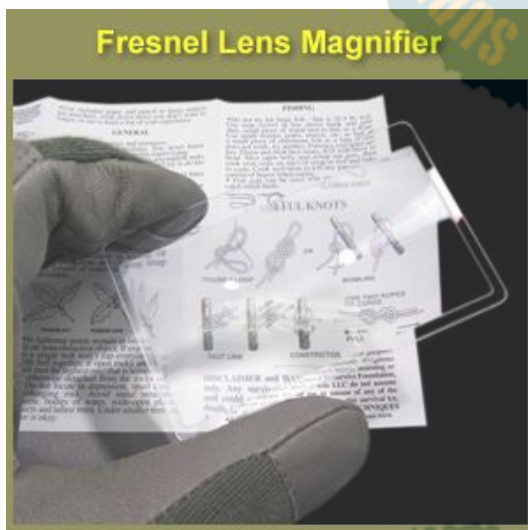

Designed for the U.S. Military, WetFire Tinder is the standard in survival fire starting.

- Individually packaged solid cubes
- Non-toxic, smoke and odour free
- Can be extinguished instantly, and remainder used later
- Burns at over 1300°F / 705°C
- Best use: pulverise small amount to increase surface area, then spark to ignite. Save unused portion. A small amount of pulverised material is usually enough to start a fire
- Quantity: 2 Cubes

### Fresnel Lens Magnifier:

A flat magnifying lens, 5cm x 7.6cm. Used to start fires using the sun, and to read small print, especially if glasses are lost.

## NAVIGATION:

### Silva Polaris 177 Baseplate Compass:

A slim profile, highly accurate and durable baseplate compass

- Clear base plate with inch, millimeter and 1:24,000 scales
- Features 2 degree graduation lines with large numerals at every 20 degrees for easy reading of bearings
- Liquid filled, with tungsten steel needle, lanyard hole, and friction free sapphire bearing
- Fixed declination scale
- Instructions

### Button Compass, Liquid Filled, 20mm

Accurate, liquid damped, fast acting needle, with groove to accept an improvised lanyard ring.

## **SIGNALING TOOLS:**

### **Photon Freedom Micro LED Light, RED LENS:**

- 4 beacon modes: (Variable Strokes, Morse, and SOS)
- Can be seen over a mile away
- Variable brightness to conserve power
- Smart circuitry: one button controls all functions
- Replaceable battery
- 24K Gold plated contacts
- 120 plus hour burn time at max (more if power conserved)
- Covert Nose to prevent side scatter illumination
- Water Resistant
- Hat clip (and magnetic), and lanyard included

### **Rescue Howler Whistle:**

Developed by Fox 40 this ultra-light whistle is extremely loud. Exceeds SOLAS and U.S. Coast Guard specifications, triple-frequency with lanyard hole.

### **Rescue Flash Signal Mirror:**

Visible over 20 miles, durable LEXAN polycarbonate mirror with mil-spec retro-reflective aiming aid for one-handed use.

### **MEDICAL SUPPLIES:**

#### **QuikClot Sport 25g Hemostatic Bleeding Stopper**

Stops moderate to severe bleeding until further medical help is available.

- The 25g mesh bag of QuikClot stops bleeding quicker than conventional methods, and is safe to leave on wounds until more advanced medical help arrives
- QuikClot helps create a stable, powerful clot, which stays firmly in place until it is removed in the field hospital or operating room setting
- Package contains a 9cm x 9cm bag of Quikclot
- Weight: 25g

up of over 30 survival tools contained in a w  
survival kit on the market, the Pocket Survival  
construction, and more.
